"Being very diverse, open minded & socially outgoing, my student exchange to Eastern Illinois University in Charleston, Illinois (USA) is definitely the most memorable experience in my undergraduate studies. Not only did I learn new management contexts from a different world perspective with passionate professors, I got the chance to meet, connect & network with various industry professionals hence building a solid background necessary for my career in international business in addition to quenching my thirst of travelling states like Massachusetts, Minneapolis, Chicago... you name it! I am very thankful for EMU's Student Exchange Office's impeccable guidance & support before, during and after my exchange semester as they cared about how I fared & were always a text away regarding anything I brought to their attention. Forever grateful for the once in a lifetime opportunity to represent my school internationally & would most definitely do it again!!"
